## JANUARY SPEAKER **Bill Hobbs**

**B**ILL HOBBS IS A NASHVILLE-BASED photographer and writer whose work has appeared in *Nashville Business Journal*, *The Tennessean*, *New Country Magazine*, *Nashville Arts Magazine*, *National Geographic Traveler* and many other publications and websites.

His work is influenced by the great black-and-white photojournalism of an earlier era. He also finds inspiration in the paintings of Andrew Wyeth, who lived in the Brandywine Valley region of Pennsylvania, near where he was raised. One of his grandfathers was a painter

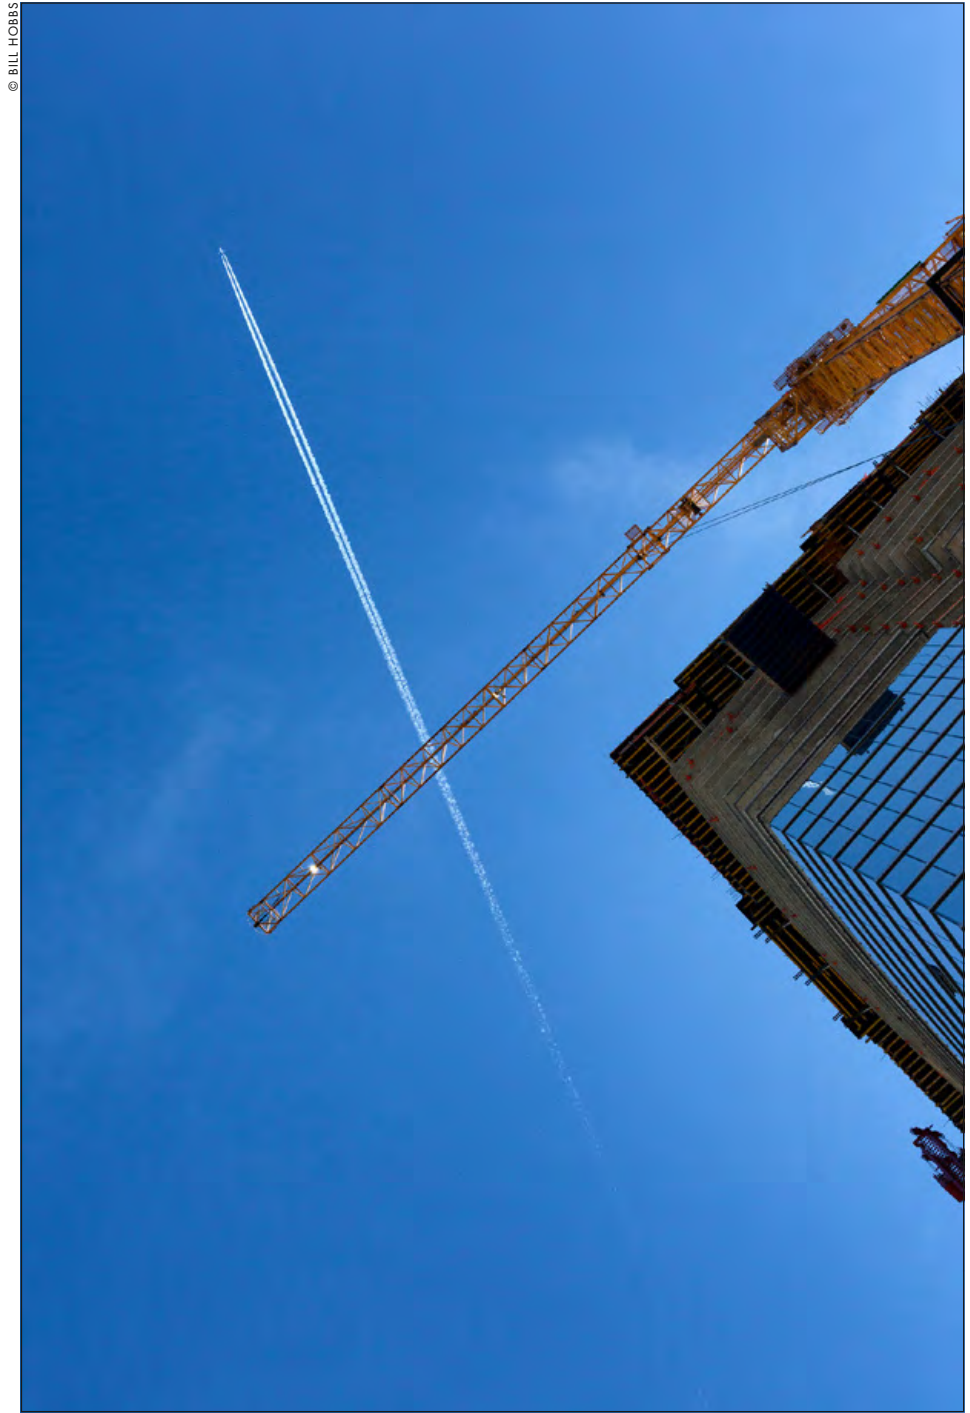

and photographer who worked for the N.W. Ayer ad agency in Philadelphia.

Bill has lived in Nashville since 1988, working in journalism as well as media relations. He now works primarily on book projects and custom art-creation photography for hotel companies and other clients.

He has documented the construction of the newest and tallest building on the Nashville skyline — the 505 residential skyscraper — on Church Street. He sees his book as a way to honor the many people who built the 45-story building.

# FINALLY DUNNIN

*The NPC President and Board would like to thank Wayne for his long and unfailing service as the Exhibit Coordinator for over a decade.*

**T**ony Beasley and Wayne Wilkerson hung the new NPC exhibit at Dunn Chiropractic on November 28. Seventeen members participated in the exhibition, showing twenty photos.

This exhibit is the last that Wayne will hang for the Club. After more than twelve years of faithfully taking care of Club exhibitions, Wayne is stepping down as Exhibit Coordinator.

Fortunately, Tony Beasley has stepped up to fill the role. Wayne and Tony have worked on the last couple of exhibitions together to ensure a smooth transition so nothing gets left hanging.

The Dunn Exhibit is an ongoing effort with three exhibits going up each year. The next exhibition will probably be hung in late March, so let Tony know if you'd like take part in it.
